

BEFORE  
THE PUBLIC SERVICE COMMISSION OF  
SOUTH CAROLINA  
DOCKET NO. 2001-193-E - ORDER NO. 2001-539

JUNE 4, 2001

IN RE: Request of Carolina Power & Light Company ) ORDER APPROVING  
to Modify Area Lighting Service Schedule ) CHANGES IN LIGHTING  
ALS and Street Lighting Service Schedule ) SCHEDULES  
SLS. )

This matter comes before the Public Service Commission of South Carolina (the Commission) on the request of Carolina Power & Light Company (CP&L or the Company) to modify Area Lighting Service Schedule ALS and Street Lighting Service Schedule SLS. The purpose of the request is to expand the Company's standard fixture and pole offerings. In addition, CP&L is seeking to limit the availability of one lumen class to better match industry standards. The Company is also seeking various wording changes for clarity purposes. The specific changes sought are outlined in CP&L's letter of May 8, 2001.

We would note that S.C. Code Section 58-27-870(F)(Supp. 2000) states that we may allow rates or tariffs to be put into effect without notice or hearing, if, among other things, no determination of the entire rate structure and overall rate of return of the Company is necessitated by the filing of the new rate or tariff. We note that no determination of CP&L's rate structure and overall rate of return is required by this filing. Accordingly, we approve CP&L's request as filed. We think that it is reasonable to expand the Company's standard fixture and pole offerings, to limit the availability of one
